Causes of dementia - NHS Causes of dementia. Dementia isn't a single disease. Dementia is a term used to describe the symptoms that occur when there's a decline in brain function. Several different diseases can cause dementia. Many of these diseases are associated with an abnormal build-up of proteins in the brain. Stroke - Causes - NHS Another possible cause of ischaemic stroke is a type of irregular heartbeat called atrial fibrillation. This can cause blood clots in the heart that break up and escape from the heart, and become lodged in the blood vessels supplying the brain. Causes of Diabetes - What Causes Diabetes? The reason there is no defined diabetes cause is because the causes of diabetes vary depending on the individual and the type. For instance; the causes of type 1 diabetes vary considerably from the causes of gestational diabetes. Similarly, the causes of type 2 diabetes are distinct from the causes of type 1 diabetes.

World War Two - Causes - History - History on the Net World War Two began in September 1939 when Britain and France declared war on Germany following Germany's invasion of Poland. Although the outbreak of war was triggered by Germany's invasion of Poland, the causes of World War 2 are more complex. Causes of Cancer | Cancer Research UK Overexposure to ultraviolet (UV) light from the sun or sunbeds is the main cause of skin cancer. Causes | Mind, the mental health charity - help for mental ... Other mental health problems If you experience another mental health problem, it's common to also experience depression. This might be because coping with the symptoms of your mental health problem can trigger depression.

Causes | Mind, the mental health charity - help for mental ... No one knows exactly what causes bipolar disorder. Researchers suggest that a combination of different factors, including physical, environmental and social, increase your chance of developing the condition.
